HOMEOWNER REMINDERS

- *Update your electrical panel, water heater and water pipes. This is for the safety of all our neighbors and may help with your insurance costs. **Remember to complete an ARC request for any major improvements.***

- *We encourage anyone who sees trash around the dumpster to pick up and dispose of properly. The trash company will not take our trash if the dumpster areas are cluttered, and they will NOT pick up trash and items left outside the dumpsters.*

Our first pet spotlight is “Pumpkin” Pumpkin is 16 yrs young and is really “the boss” at Gayla Boss’s house.

Do you have a pet you would like to spotlight here? Send a photo and introduce them to the community.

IMPORTANT ANNOUNCEMENT

The board could use some help with the ongoing Cable/Internet contract negotiations. Four options sent out via email November 15. After the recent board meeting, the board decided to let the contract go as is and form a committee to investigate where to go from here. If you would like to have your voices heard, please contact the board and help organize a group to work on what the community would like to see with cable and internet services. New service including internet would mean an increase in what the community pays. Dropping the service would add money to our budget but would mean the owners would handle buying their own services.
